Culture, Games and Music

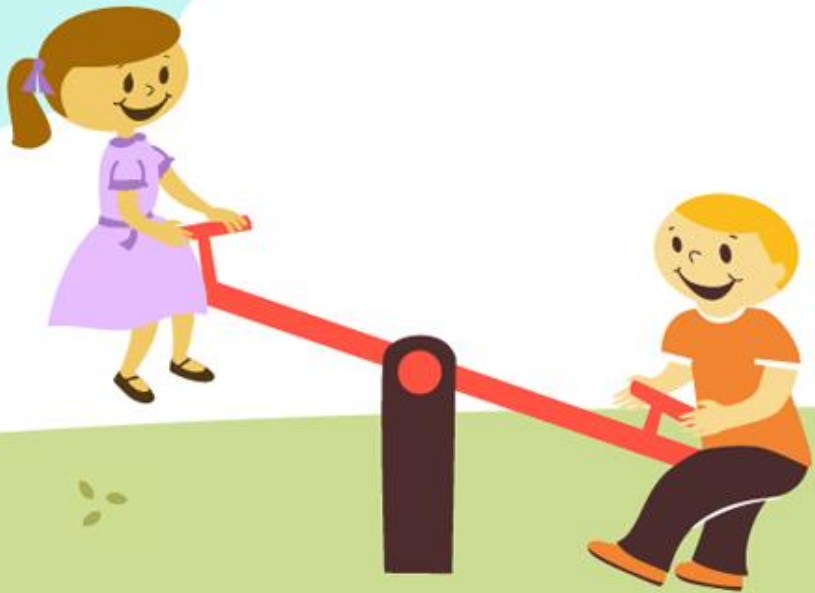

- Games are natural for children and helpful in their growth.
- Children should be able to interpret their immediate environment and be given the learning tools in your home.
- Children should always be given a taste of their own culture.
- Many games and songs can be used in the classroom or at home.
- Children can play games that are of the Virgin Islands or Games from the Caribbean
- Children can also learn how to Story tell.
- Storytelling is a staple in our communities across the Caribbean.

I WENT TO CALIFORNIA

I went to California
Far, far away,
I met a senorita
With flowers in her hair,
So shake it, shake it, shake it.
Shake it if you can.
So if you cannot shake it,
You do the best you can,
So shake it to the bottom and shake it to the top
And turn around and a turn around until you cannot
stop.
