Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1026 Longworth House Office Building
Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting fiscal year 2022 community project funding for the Residential Collection Sewers project in the U.S. Virgin Islands.

The public entity to receive funding for this project is the Virgin Islands Waste Management Authority (VIWMA), located at 1 A&B Demarara, Charlotte Amalie, St Thomas, VI 00802. The anticipated location of this project is Mon Bijou, St. Croix, VI 00820; Tutu, St. Thomas, VI 00802; and Cruz Bay, St. John, VI 00830. This project is estimated to cost \$1.2 million.

The requested funding would be used by VIWMA for the purchase of materials and construction to replace residential sewers on St. Croix, St. Thomas, and St. John, at a cost of \$400,000 each, respectively. This project is a sound use of taxpayer funding because the purchase of materials and construction to replace residential sewers will provide added protection to the health of Virgin Islands residents and their environment.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Stacey E. Plaskett
