Dear Applicant,

I would like to commend you on your decision to apply to one or more of the nation's five Service Academies. Historically, these Academies are institutions of higher learning where many great Americans are molded from young men and women to become leaders that have honorably protected our freedom and our form of government.

As your Congresswoman I am honored to have been given the opportunity to select the territories' most accomplished and motivated young people for acceptance to a Service Academy. The role of my office is to nominate students that have prepared themselves for the physical and mental challenges they will face. The Service Academies are equipped to prepare students for service to our country and as role models from our islands after graduation as commissioned officers in the United States Armed Forces. To assist us with this decision, a review board has been created and staffed with educators and servicemen from the community. The board will review applications, conduct interviews, and present their recommendations to my office for nominations.

The academies requiring nominations are:

- U.S. Military Academy at West Point
- U.S. Naval Academy
- U.S. Air Force Academy
- U.S. Merchant Marine Academy

Please remember that nominations are limited. We encourage you to also consider applying to the U. S. Coast Guard Academy, Officer Training Schools and Reserve Officer Training Corps (ROTC) programs as those options do not require nominations.

As your representative in Congress, remember that our offices are here to support you. I encourage you to continue to work hard to reach your goals. Please continue to strive for excellence and remember...the journey has just begun.

Your Servant,

Stacey E. Plaskett
Member of Congress

II: BASIS FOR SELECTION

Academia, leadership potential, extracurricular activities, physical fitness, and letters of recommendation ARE the selecting factors considered for nomination.

Academic Factors. Applicants will be considered based on school records, grade point average, and College Board scores. High SAT and ACT scores provide for greater chances for a nomination as well as meeting and exceeding the qualifications in the remaining areas of consideration.

Extracurricular Activities. Congresswoman Stacey E. Plaskett's Service Academy Selection Board seeks students who within their communities (schools, volunteer work, or other activities) demonstrate leadership ability.

Motivation. An important consideration that must not be overlooked is motivation – the applicant's desire to attend an academy. The diligence in completing this application, the essay and resume are excellent tools for measuring motivation. Incomplete applications will not be considered. Hint – the essay is a beneficial tool in the review of the application.

Leadership and Physical Fitness. Information provided on the application will demonstrate leadership potential and physical fitness. Unlike colleges, Service Academies place a high emphasis on physical training. Similar to colleges and universities, Service Academies consider leadership and extracurricular activities to be of great importance. Letters of recommendation and resume SHOULD highlight an applicant's leadership skills.

III. Other Commissioning Options

U.S. Coast Guard Academy. The U.S. Coast Guard Academy does not require a nomination from either Congresswoman Stacey E. Plaskett or one of the appropriate nominating authorities to be considered for acceptance to an Academy.

The U.S. Coast Guard Academy is proud to educate leaders of a multi-mission, maritime military force. As a commissioned officer in the Coast Guard, one will be leading a team of men and women called on to service community, country, and fellow citizens. The roles of the U.S. Coast Guard go beyond just Maritime Safety and Security it also includes protection of natural resources, management of maritime traffic, commerce and navigation, and national defense. The academy located on the Thames River in New London, Connecticut, provides a four-year Bachelor of Science degree program with a full scholarship.

Newly commissioned ensigns, upon graduation, report for duty aboard cutters and at sector offices in ports nationwide. As a graduate of the academy, one is obligated to serve five years in the U.S. Coast Guard. You may visit <http://www.cga.edu/> for additional information.

Reserve Officer Training Corps (ROTC): An alternative to attending an academy is the Reserve Officer Training Corps (ROTC) programs offered by the U.S. Army, U.S. Air Force, and U.S. Navy Reserve. This program is offered at many colleges, and it is a four-year elective program. This program offers full and partial tuition scholarships to qualified students. As a result of completing a Reserve Officer Training program, one will be commissioned as a Second Lieutenant or Ensign along with students who graduate from a service academy, at the same time.

For additional information, please visit the following websites:

Do you know of any personal circumstances that might affect the applicant's performance at a Service Academy?

Interview

Below are some guidelines that may be followed in preparation for the interview.

Do

- Dress appropriately; be conservative to show that the interview is taken seriously. Remember that you are interviewing for nomination to a SERVICE ACADEMY! For males, long sleeve shirt, tie, and slacks are appropriate, but if you have a suit or jacket, it is even better! For females, a dress or a skirt is appropriate but keep in mind that length is essential. If you have a jacket to go with the ensemble better yet! Jewelry should be minimal, and visible cleavage is not appropriate. Jeans and sandals are not appropriate attire for an interview. Your personal grooming and cleanliness should be impeccable.
- Know the exact time and location of the interview; know how long it takes to get there. Better yet arrange to arrive early, 10 minutes before the interview start time is acceptable.
- Remember to treat people you encounter with courtesy and respect. At times their opinions of you might be solicited during the selection process.
- Offer a firm handshake and make eye contact. Having a true expression when your interviewers greet you is helpful.
- Use formality. Always address your interviewers by name title (Ms., Mr., Dr.) and last name, unless invited to do otherwise. Sir and Madam are also acceptable in this interview.
- Always maintain good eye contact during the interview. Be aware that some of your interviewers may not be physically in the same room as you (conference call).
- Sit appropriately in your seat; avoid fidgeting and slouching.
- Always, always, always respond to questions. Back up statements about yourself with specific examples whenever possible.
- Do focus on your positive characteristics and strengths and qualifications for the job. Never criticize yourself in an interview.
- Ask for clarification if you do not understand a question.
- **DO PRACTICE INTERVIEWING** with others that can provide for positive feedback such as family members, mentors, and counselors.

Don't

- Do not make negative statements about yourself. Do not make apologies or talk about what you do not have in your background. Remember to remain positive.
- Do not chew gum, bite your fingernails, touch your face or hair, or adjust your clothing.
- Do not allow your cell phone to ring or make a sound during the interview. (If it does, apologize quickly and ignore it.) Do not take a cell phone call. Do not look at a text message.
- ***DO NOT*** treat the interview casually; this is important to us, and it should be to you!
